

Hussar Notes

A light shower of rain fell on Sunday night.

Mr. Roy Warburton was successful on Wednesday, in digging out a nest of five young crows which he will try to raise. The old pair have been molesting the shoo around H. A. Trean's place. He expects to get the old ones soon.

Mr. L. L. Woodford and Alex Forster motored to Calgary on Saturday.

Mr. and Mrs. David Holmby visited up from Warner on Friday to visit Mrs. Moffat and family, returning on Monday.

Rod Leggett and Don Norris motored down from Calgary on Saturday and took Miss Dorcas Leggett and Mr. Albert Pile to Calgary with them.

Miss Lois Nelson spent the week-end at home.

Miss Dorothy Flanagan spent the week-end in Bassano.

The people of Hussar are very proud of the success of their young people in the recent interscholastic track meet held at Bassano.

The music examinations have been put off till June 15th. They are to have been held on June 8th.

Mr. and Mrs. T. L. Montgomery motored to Calgary on Sunday.

Mr. R. Anderson is at Staville with his drilling outfit, making tests for oil.

Mrs. J. R. King, who spent a few days at home, returned to Calgary on Friday with Mr. and Mrs. W. A. Treacy.

Mr. and Mrs. W. Kuehle and Mr. and Mrs. R. J. Hall were Calgary visitors on Wednesday, returning on Thursday. They were able to see the great harm the dust storm had done to late crops, many fields that were green on Wednesday being like summerland on Thursday.

HELP FOR WIDOWS

demonstrating some of the developments which science has added to its repertoire during the past twelve months. A light bulb, without wires or any other connections, was set up at one end of the room. At the other end the scientific magician set up a high frequency wireless set—broadcasting power through the air to light the bulb. What's more, it worked! We can see many benefits for mankind in this little invention. For one thing, when the lady of the house is in the course of her spring cleaning, she decides to switch the position of floor lamp, table lamp, or border lamp, the lady of the house can simply reply, "Yes dear," somewhat absently, immediately, then turn the radio dial a notch and go on with his reading. A life without floor plugs—or at least without a shortage of floor plugs—would, we believe, make for much more contented living. —Herald's Press Free.

These English speaking countries are peculiar. The most popular American had to quit the United States and the most popular Englishman had to quit England.

G. D. Defats Bassano Baseballers 16 to 15

In a wild open baseball game played on the Gem diamond last Sunday, the Bassano ball team met with a close 16-15 defeat at the hands of the Gem nine. Excitement ran high at intervals of the game, fans and players alike taking great enjoyment out of the encounter. Bassano took a hold lead in the first few innings, at one time having a 1-1 margin. This however, was soon cut short when Gem took advantage of loose playing to run in seven runs in quick order, making the score 11-0. At the end of the first half of the ninth, the score stood at 11-14 for Bassano, but a homer by one of the Gem bats in the second, and a couple of hits to put the winning run across the plate, put the game in the hands of the Gem boys in their eyes at last.

The Bassano Board of Trade have announced that the date of their first dance to be held in the summer Pavilion in the Curling rink will be June 11th. Darcy and His Plaza Orchestra will supply the music.

The World of Wheat

By H. G. J. Strang

The eyes of the wheat world at this moment are gazing anxiously at the crops now growing in the United States and in Canada.

The yield of the Canadian crop will depend mainly upon the rain that fell last fall, and that, in addition, will fall during the present growing season.

Local precipitation should be up to the average, then the western wheat crop will probably be of average size. (With certain allowances, of course, for damage from hail, insects, plant disease, etc.)

What is the rainfall situation? The figures from the hundreds of rain gauges indicates that for Manitoba the total average precipitation, fall and growing season combined, was 52 percent of normal, for Saskatchewan 64 percent of normal, and for Alberta 84 percent of normal.

All this means that better than average rains will soon have to occur if an average crop is to be harvested. There is, however, still time for good rainfall to take place to overcome the deficiency, for the wheat plant does not begin to call for abundant moisture until after the middle of June. From that time forth, however, until harvest, its demands can only be described as prodigious.

The following factors have tended to raise prices: Smaller winter wheat acreage many European countries—Private Indian wheat supplies reduced. Excessive moisture several European countries. Hail needed in Argentina—Dry weather delays field work in Australia—Holland purchases Roumanian, Turkish and Argentine barley. Uruguay abolishes wheat import duty—Morocco prohibits wheat exports.

The following factors have tended to lower prices: Hail improves Canadian U.S. crops—Decrease in European buying power and in demand—Russian spring seeding ahead of last year—Wheat harvest begins and deliveries made in U.S.—South-east—France arranges wheat exports—Catholics crops satisfactory—No larger outflows anticipated.

REV. M. E. GORDON HOLDS SERVICES IN HUSSAR

Hussar, June 7th—On Sunday afternoon, Rev. M. E. Gordon of Langdon, held services for the W. I. Girl's Club, the Brownies, the Cubs, and Scouts, twenty six strong, and their friends and relatives. His topic was co-operation, illustrated by the good work that can be accomplished by such organizations, where the individuals would accomplish little. The members of the club contributed two songs and the reading of their creed. The Brownies gave a song. This has become an annual event for the first Sunday in June. Baptismal services were held for five babies before the regular service. As Rev. Gordon was pastor living here for over a half year, and has been here for each Girl's Club Service, he has watched the young people grow from youth to manhood or womanhood, and at the close of the service, there was a short social gathering for a few minutes chat with Rev. Gordon. Mr. Whitney accompanied Rev. Gordon from Langdon.

CARD OF THANKS

We wish to express our sincere thanks to all those kind friends who assisted on June 7th at the Church, in the wedding of our daughter, Ruth, who was who so generously gave their assistance at the reception in the Catholic Community Hall, and for the timely interest shown by everyone.

Mr. and Mrs. Geo. A. Goudie.

Every trait of beauty may be referred to some virtue, as to innocence, candor, generosity, modesty, or heroism, —M. Piers.

Board of Trade Arrange With Walter Peake to Manage Local Stampede

Tennis Tit-Bits

Last Sunday two car loads of racket wielders from the local club journeyed to Strathmore to engage in Tournament play with the C.P.R. Tennis club at that point.

Unfortunately play had to be cancelled on account of rain, believe it or not. As a result only seven matches were played, four of which Strathmore managed to win, the remaining three going to Bassano.

The following are the results of the games played: Men's singles, Archie Johnson defeated B. Freeman, 6-4, 6-4, 6-4. Men's doubles, Wm. McLawa and Gordon McLawa defeated L. Freeman and M. Lambrey, 6-3, 6-4. Girls' singles, Gordon Smith lost to W. Hilder and H. Freeman, 6-4, 6-4. Stan Coburn and Gordon Smith lost to W. Hilder and M. Lambrey, 6-4, 6-4.

In the ladies events, Miss Grace Pickett lost to Miss Whitehead, 6-0, 6-0, and Florence Playfair lost to Miss Margaret Freeman, 6-3, 6-4. The Bassano Ladies redeemed themselves in their doubles, defeating Miss Glandt and Miss D. Freeman, 6-3, 6-3. Strathmore will play a return visit to Bassano in two or three weeks time.

Next Sunday, June 12th, a local tournament will be staged at the West End Courts. The draw is not yet completed, nor have the place of play yet been arranged, but the Executive is planning on having the courts busy all day long, with every member of the club taking part.

Ladies' Aid to Hold a Donation Tea

The Ladies Aid of the Knox Church are holding a Donation Tea in the church from 5 to 6 p.m. on Friday, June 11th. A short program will precede the tea. Everybody welcome.

The regular meeting of the Bassano Board of Trade was held in the Royal Oaks on Wednesday afternoon, June 9th. Twenty three members sat down to lunch, with President James Johnson in the chair.

During the business of the meeting, the report of the Swimming Pool Committee was heard. The Committee had accepted the application of Cliff Johnson for reviver of the pool.

The Carnival Committee reported that there would be a change in the number and types of booths to be used on July 1st. Only four booths are being imported this year, the remainder being made up by local concerns.

The Stampede Committee reported that all arrangements for the Stampede had been made with Mr. Peake. He will take charge of the affairs on the grounds for that part of the program.

The new grandstands are to be constructed on the grounds. These stands will be the same size as the one already standing by the racetrack. These will greatly aid in providing seating accommodation for the celebrations held on the grounds.

BIRDS AND BUGS

The wholesale slaughter of certain species of birds is a deplorable, when one considers the important part they play in keeping insect pests in check. Naturalists who dabble in statistics tell us that one family of nuthatches, during the breeding season consumed 24,000 insects and larvae, besides an enormous number of insect eggs. It has been estimated that a fledgling, in the first month of his life, will eat twelve times its own weight of insects. This becomes very intelligible when we learn that a young caterpillar, in the same space of time will devour 40,000 times its own weight of food! Were there no birds, insects would quickly gain the upper hand, despite all man's efforts to control them with insect sprays and lead arsenate.

Hikers Take The Sky Line Trail

On the morning of June 7th, a party of hikers took the Sky Line Trail, a beautiful and scenic route through the Canadian Rockies. The hikers were led by a local guide and enjoyed a most interesting four-day holiday. The trail leads from the Valley of the Bow to the Valley of the Ice.

WEDDINGS

PICKETT-GOUDIE

A very pretty wedding of much local interest took place in the Knox Presbyterian Church, Bassano, on Monday evening, June 7th, at 7 p.m., when Miss Ruth Jane Goudie, second daughter of Mr. and Mrs. Geo. Goudie of Bassano, became the bride of Mr. Tommy K. Pickett, also of this town. The service was officiated by the Rev. R. H. Hinchey of Brooks.

The bride wore a beautiful gown of white satin, with a Brussels Net Veil, and carried a bouquet of orange blossoms. Her younger sister carried her train. She was supported by her sister, Verle, and was given in marriage by her father.

Following the ceremony the couple journeyed to the Lakeland school where a reception was held in their honor. They were given many beautiful and useful gifts as a token of the high esteem in which they are held by their friends. The couple will reside on the Powell Ranch in the Glen district in the near future.

On the morning of June 7th, a party of hikers took the Sky Line Trail, a beautiful and scenic route through the Canadian Rockies. The hikers were led by a local guide and enjoyed a most interesting four-day holiday. The trail leads from the Valley of the Bow to the Valley of the Ice.

Regular Meeting of Town Council

The regular meeting of the Council was held on Monday, June 7th, in the Town Hall.

The Court of Revision on the 1937 Assessment Roll held seven appeals, one assessment on farm lands being reduced, and the remainder being sustained.

The minutes of the previous meeting were read and confirmed. The Town Engineer reported that the Summer Lines had been constructed, six links in the main pipe line had been repaired, and that both jumps at the Power Station were operating and in good working order.

The auxiliary gas plant was also reported as being in good condition. Waterfalls during the month were reported.

The Town Treasurer reported that cash receipts for the month of May amounted to \$1,780.16 and payments amounted to \$2,203.29.

Most of the above reports were accepted by the Council.

The following appointments were made to the local Board of Health: Couns. H. A. Holmes for one year, Mr. M. R. Milroy for two years, and Mr. J. R. Donaldson for three years.

The following accounts, as recommended by the Finance Committee, were ordered paid when funds were available:

Bank charges re debentures	\$ 24.25
Hagarty Power Co. Ltd.	217.85
Alta. Govt. Telephone	15.87
H. B. Sitt	2.50
Pay roll for May	433.70
Highway School Dist.	70.00
Mechanics' Association	25.75
Wm. McLawa, ins. premiums	60.94
Wm. McLawa, legal expense	9.90
Wm. McLawa, drivers	14.00
L. R. Edwards	14.00
Flanagan Bros.	8.35
Pharmacia Service Station	1.40
Miss M. Hansen	8.00
T. Eaton Co. Ltd.	8.00
W. B. Playfair	10.05
A. S. Hansen	10.00
Metals Limited	8.76
Metals Recorder	9.92
Total	\$1,744.97

Cadet Inspection

The local Cadet Corps had its annual inspection on the Fair Grounds by Major L. W. Miller of Military District No. 13, Calgary, Officer Commanding Cadet Corps in Alberta.

The Cadets went through the usual Cadet exercises, consisting of squad and platoon drill with and without arms, physical training, signalling, first aid, and ceremonial drill, and showed a vast improvement in their work over that of last year.

At the conclusion of the inspection Major Miller congratulated the Corps on its work, and the great improvement shown.

Cadet Goldie Smith was presented by the Major with a badge representing "the best shot" of the Corps this year. Cadet Smith earned the same distinction last year, when he won the event in a walk. This year he was hard pressed by Cadet Lieutenant Currie.

Girls' Softball Team Defeated at Countess

In an exciting softball game between the Countess and Bassano Girls on Sunday, the eastern girls defeated the locals by a 16-11 score. Bassano held the lead for the first four innings, but Countess scored nine runs in the fifth to tie the score. Then in the sixth, Countess again scored 6 runs to place them in a lead which the locals were unable to overtake.

The battery for Countess consisted of Karen Ferguson, Consistia Ferguson, and for Bassano, V. Beeson and Dora Pearson.

After the game a delightful lunch was served to the girls of both teams at the Emul farm. Miss Mamie Emul acted as hostess.

Countess—Cadon, Ferguson, Goudie, Ferguson, Cowan, Thomsen, Ferguson, Pearson, Schelke, Marguardt, D. Pearson, Hink, Laskowski, Standen, Bender Harker, Bacon.

The girls wish to thank Mamie Emul for the delightful lunch.

Pride is not the heritage of man; humility should dwell with frailty, and grace for ignorance, and love and imperfection.—Sydney Smith.

BASSANO RECORDER

Advertising rates furnished on application.

NORMAN G. CARY,
Publisher

THE ONTARIO MIX-UP

Recently Premier Hepburn of Ontario more or less startled Canada with his repudiation of Prime Minister W. L. Mackenzie King and the latter brand of Liberalism, the main difference of opinion being on the question of the C.I.O. It is now suggested that the only way to clear the air in Ontario is to call a convention of Liberals and have the matter decided there.

Colonel George Drew has resigned as chairman of the Ontario Conservative party's campaign committee because he "does not agree with the recent statements of policy enunciated by Hon. Earl Rowe, (provincial leader) on behalf of the party."

Reiterating his stated belief that "labor should be better organized in Canada," the party organizer declared in a 500 word statement issued tonight, "I do however, believe that a firm stand should be taken against the Committee for Industrial Organization because it is too late. I am unable to understand the argument that because the C.I.O. has not generally adopted the same methods of violence in Ontario, we should disregard its record of lawlessness and sabotage in the United States."

At a Conservative nomination meeting in Wellington North, Hon. Mr. Rowe, Conservative leader, said: "The Liberal-Conservative party stands for the rights to bargain collectively through their own representatives, chosen by the workers through the medium of secret ballot, free from improper intimidation."

"The choice of affiliation and the selection of their representatives is the right of Canadian workmen, as has been recognized by our Federal governments for many years. . . I will trust the Canadian workmen against the invasion of foreign agitators."

As if the above were not sufficient it is now announced that

Dr. James McQuibban, life long follower and supporter of the Liberal Party, on Wednesday last, accepted the nomination as Conservative candidate in the riding of North Wellington made vacant by the death of his brother, the late Dr. George McQuibban. In accepting the nomination, the former Liberal declared that his late brother, who was once Liberal Whip and House leader, was ready to repudiate Prime Minister Hepburn just before his death and that he would never have contested another election for Premier Hepburn.

THE NEW LIBERAL LEADER

The Alberta Liberal Convention as forecasted in these columns selected Mr. E. L. Gray of Brooks as Provincial Leader, retaining Mr. J. J. Bowlen as House Leader in the Assembly.

The party is to be congratulated on its choice, and Mr. Gray on the quality of his first public pronouncement, also made as a condition of his acceptance of the post.

Mr. Gray knows the ropes at Edmonton thoroughly, his service for ten years or so in the public service has equipped him with a first class knowledge of the whys and wherefores. In dealing with the civil service he will bring to bear on it, the experience of one who was himself a public servant, and his great capacities as an administrator.

His excellent work in the Department of Municipal Affairs of which he was Deputy Minister brought him to the fore in the civil service, and finally earned him his present position as Manager of the E.I.D., where, once again, his success has earned him tributes justly due.

In permitting his name to go before the Convention, Mr. Gray laid it down as a condition of his acceptance that he would not be bound by any narrow-minded partisan ties, but would, on the other hand, seek the co-operation of other parties in an attempt to form a business-like government.

It was not surprising that the convention accepted the condition. It would have been surprising had the result been otherwise. For years it has been the thought that in Provincial Affairs there should be no room for party politics as such, and this thought was just as much evident among the rank and file of the Grits as in any of the other parties.

It is also gratifying to learn that Mr. Gray will continue in his post as manager of the E.I.D. for the time being at least. Mr. Gray has begun so well in this that it would be a great pity to have some one else step in where he has just begun. His resolution not to permit his position to enter into local political considerations is also quite praiseworthy and quite understandable.

CONTRACTORS

Messrs. M. Voosa, Wickstead, Migro, Anselo, Contractors and others of like ilk, not of the firm of John Bull and Company are apparently going to be under investigation by the Public Accounts Committee of the Alberta Legislature in connection with certain expenditures on roads in the northern part of the province.

AN INCOME FOR RAMSAY McDONALD

By the will of Sir Alexander Grant, recently admitted a probate in England, it appears that Ramsay McDonald now almost totally blind and not expected to work as he has had to do in past years on money matters. For "all the days of his life" he will receive the income of \$200,000.00 in a trust fund left to him by his inner bosom friend and great admirer.

CLAY PRODUCTS

Mr. H. Ingrey, M.L.A. for Drumheller, has suggested that certain white clay in the vicinity of Drumheller could be brought into commercial use, and has brought the matter before the Drumheller Board of Trade. This is the same type of clay which we have in abundance in this district.

Alberta Crop Report No. 2

Issued by the Alberta Department of Agriculture, Edmonton

Commencing May 22nd rains have been fairly general over the Province. The crop outlook is therefore much brighter than earlier in the month. When dry conditions were the cause of some concern, especially in the central and southern districts. A season of rainfall has varied from one quarter to almost two inches even within comparatively small areas and benefits derived vary accordingly. All districts have had more or less rain with the exception of that portion of the south east from Medicine Hat south to Brooks and east to Schuler, and a small area north of the North Saskatchewan river from Watrous east, where no rains of consequence have fallen for some time. Though present conditions on the whole are reasonable, there is little reserve moisture except in the Peace River district and crop prospects are dependent upon precipitation at intervals through the growing season. The weather now continues showery.

A limited amount of damage from soil drifting previous to rains is reported by several districts from the C.I.C. boundary north to Edmonton, but

this now seems to be definitely checked.

Seeding is practically completed as far north as Edmonton, some coarse grains still remaining to be seeded in northern districts. Summer following is commenced in the south.

Growth of pasture, hay crops and range grass has been slow due to early dry conditions, but is now making good progress. Hay crops on the whole is likely to be fairly light. Farmers are looking more for grass. The grasshopper hatch in southern areas has been checked by recent rains. Heaviest outbreak to date is in the Claresholm district. Mixing stations to supply molasses bait are now in operation where required and the situation is under control. Some slight amount of cut worm damage is reported from a few points in the south.

Conditions of stock is steadily improving with better range and pasture. Calf crop is reported about on par with range with colts and lambs above normal. Reduction in hog production is evident throughout the Province because of feed shortage and high grain prices. Dairy production is increasing with good pasture, but is not yet up to the usual average.

The average housewife walks a mile in preparing a meal—half a mile to and from the dairy and the other half to the grocery store.

BERRIES & CHERRIES

PRODUCER TO CONSUMER
Why Pay the Extra Charges

Berries delivered to your door, charges prepaid within radius of railway express.

PRICES, PER CRATE			
Strawberries	\$2.15	Black Currants	\$2.50

The SNAPSHOT GUILD
Surrealism Goes Photographic

TWO WEEKS WITH PAY

This tabletop photograph was taken with the aid of two photographic floodlight bulbs, "spotlight" on the subject at different angles; exposure 30 seconds at f22. The candles were then lighted, main lights turned off and the lighted candles exposed for 2 seconds. The following text will (it is hoped) explain the title.

"SURREALISM, A French movement in literature and art influenced by Freudianism, purporting to express the subconscious activities of the mind by presenting images with out order or sequence, as in a dream."

So says the dictionary, but we have leave to amend by inserting the words, "and which has invaded the field of photography." If you don't believe it, cast a psychoanalytical eye on the above photograph and consider whether it does not truly fit the amended definition.

"Images without order or sequence as in a dream." Who will contend that the images in the above picture do not fit that part of the definition?

"Purporting to express the subconscious activities of the mind." Who dares to say that these images do not express subconscious activity (quite as intelligently as any of those depicted in the surrealist conceptions of the painter)?

Oh, yeah, but what activities and how?

The fair photographer who took the picture entitled it "Two Weeks With Pay" meaning a vacation, and here, believe it or not, are the subconscious activities purported to be expressed.

The watchband is the psychic symbol of labor left behind. The open landscape expresses release from mind labor. The liverwort ring represents thoughts of summer home!

John van Guider.

RURAL PUBLIC HEALTH CONTEST

Rural Public Health has never received enough consideration in Canada. Some provinces have done better than others. Most of the Counties in the Province of Quebec have well-organized Health Units. In other provinces there are few full-time Medical Officers of Health and how can we hope to have good Public Health work without good Public Health Workers? The salaries paid for full-time or part-time Medical Officers of Health are nothing to be proud of either.

However, the Canadian Public Health Association, which is living and doing well, is not forgetting about the importance of Rural Public Health. It has arranged in co-operation with its nearest international neighbor, the American Public Health Association, to organize an Annual Rural Health Conservation Contest in Canada. This seems a good idea. It's a modern idea. It cannot do any harm and cannot very well help do good. Its success depends on you. This means you, who are reading this article. The contest will be open to all rural areas in the Dominion of Canada, which have a full-time health service. The object of the contest is to encourage and promote the development of good, practical, satisfactory Public Health Rural Services and keep all the people well all the time. It is evident that such a Contest will help to awaken interest, spread information, and develop enthusiasm and support for such services—to show what they can do and how they can do it. Prizes and awards—perhaps trophies—will be given to the winners.

The work will be under the general direction of the Canadian Public Health Association's Committee on Rural Health Conservation. Further information may be obtained by writing to the Secretary of the Canadian Public Health Association's 105 Bond Street, Toronto. The first Contest is to be held in the spring of 1938 and the whole matter will be fully discussed at the Annual Meeting of the Canadian Public Health Association at Ottawa June 17-19, 1935.

The success of such a contest depends on the co-operation of everybody concerned, perhaps most of all on the Local Lay Committee. This Committee should be an understanding one. There are "Key-men" and "Key-women" in every rural district—farmers, manufacturers, businessmen. The teacher will help. The postmaster will help. So will the Women's Institute, the library and the library will help. If everybody helps, we shall succeed. If everybody helps—why not you?

To reconcile law with justice and human progress is sometimes impossible.—Clarence Darrow.

People who once worried about not being able to buy an automobile are now getting because they have to wait three weeks for delivery.

Crownfoot Notes

Mr. P. Holman made a business trip to Calgary on Thursday.

Misses Doreen and Irene Hoberg spent Saturday in Calgary.

The district is in a very much need of rain. It has been very disappointing to see clouds rather and disappear. Cut worms have taken their toll and grasshoppers are hatching, but no damage is reported as yet. Dull is being set now.

The back-water on Sunday was a popular spot—a very large crowd turning out to see the game between Rosemary and Makepeace, which ended with a victory for Makepeace with a score of 14-10. The crowd was interrupted at lunch time by the sudden change in the weather and a few light sprinkles of rain.

Mrs. Minnie Kemp of Vulcan was a caller in the neighborhood on Sunday. Mrs. Kemp was a former resident of this district.

Mrs. D. C. Fortney spent Monday with Mrs. Hettiebowen. Also Mr. and Mrs. Alf Sloan motored over from Rainier and had supper at the Hettiebowen home.

Mr. Gus Nelson was a business caller in town on Monday.

Tuesday evening about 40 friends of Mr. and Mrs. Howard Larson, teacher of Makepeace school, walked in on them unannounced and wished them happiness and a long life. After which they all went over to the school house and danced. A delicious lunch

was served to the crowd by Mr. and Mrs. Larson.

Mrs. Campbell, who has been ill practically all spring, is very much improved.

Olle Borens is up working at Joe Roberges this week.

It is to be hoped ere long that the Committee appointed to check over the Telephone Line will call the members together and put the lines in order once more.

Andy Jacobson is the busy man these days collecting cream and handling it to Calgary.

An accident occurred at the Knuckle farm on Tuesday when a boy by the name of Nelson, who was helping his father water cattle at the farm. He lost his balance somehow and fell into the well, hurting his hip quite badly. He was taken in to Dr. Scott's office and medical attention was administered and the boy was able to be taken home.

Friday evening last the dance and box social held at Makepeace school was fairly well attended. The proceeds amounting to \$5.00 was given to the hall team.

Removal of foreign "volunteers" might end the Spanish struggle, and would at least mean that Spaniards would be left free to settle their own affairs.

Education makes a people easy to lead, but difficult to drive; easy to govern but impossible to enslave—Lord Brougham.

Gem Notes

Mrs. Leonard of Bassano visited her daughter, Mrs. Heyford, last week.

Mrs. Brown entertained a few ladies on Friday afternoon in honor of the Mrs. Leonard.

Mrs. Honey of Bassano has been the guest of Mrs. Brown for a few days.

We are all glad to learn Mrs. W. Pollock is able to return home from Bassano with her baby girl.

Mr. and Mrs. Heffridge spent last week-end in Calgary.

Miss Bone, Music teacher of Rosemary, has formed a class of pupils. They meet for their lessons at the home of F. D. Williamson.

Bassano played the Gem Baseball team on Sunday. The score was 16-15 in favor of Gem. It was a close game and a good crowd of spectators enjoyed it.

Reading is almost completed in the colony and irrigation is the order of the day. A good rain would do good and settle the dust.

There are quite a number of children down with chicken pox. The Junior room of the school is closed.

Mr. and Mrs. J. Wallace of Hinton were visitors of Mr. and Mrs. Brown during the week.

Mr. Dickman and Mr. Williamson, also Mr. Borne, were fishing on Sunday and had a good catch.

Duchess Notes

Mr. Chester Sisson of Innisfail, spent several days in town, visiting friends and relatives.

Mr. D. F. Halley spent the week-end with her sister, Mrs. Lloyd, in Calgary.

Mr. Stanley Swensen is visiting at the home of his mother, Mrs. P. Anderson, before leaving for England.

Mrs. E. R. Gahan is visiting at the home of Mrs. Dunsmore in Scandia.

Mr. T. M. Swensen is spending a few days in Calgary.

Mrs. E. R. Sisson and infant son returned from Calgary on Monday.

Mr. and Mrs. Horen of Cereul were callers in town on Wednesday.

Mrs. Jewerick, who has just returned from the States, is visiting her daughter, Mrs. E. R. Sisson.

Don't forget the dance Friday, June 11th, sponsored by the O.R.C. Club.

Mr. and Mrs. Lauver and family left Tuesday morning on a motor trip to Pennsylvania.

Mr. and Mrs. Sherman and daughter, Mary, were Bassano visitors on Wednesday.

Mr. and Mrs. Burke and Mrs. Lewis motored to Bassano on Tuesday.

Rapidity does not always mean progress, and hurry is akin to waste. The old fable of the hare and the tortoise is just as good now and just as true, as when it was written.—G. A. Stoddard.

NATIONAL FARM PAPER

An influence in over 500,000 homes. When a national farm paper passes the 500,000 circulation mark, breaking an all-time Canadian record for this type of publication, it is indeed news! This tremendous distribution was attained by the Family Herald and Weekly Star during 1936 and it is computed that well over a million people now read the Family Herald regularly.

The responsibilities devolving upon the publishers of a paper read so widely are many and great. The publishers of the Family Herald and Weekly Star have ever been alive to these responsibilities, and the phenomenal growth in the distribution of this great farm paper is attributable largely to the uninterrupted maintenance of high tone when so many other papers were sacrificing their principles to satisfy the demands of a minority who craved sensationalism.

The Family Herald and Weekly Star still believes in the observance of Sunday, in the sanctity of the home and in the simple joys of family life. In fact, it is a paper wholly devoted to the publication of every thing Canadian Farmer and his wife. Within the pages of this weekly 16 page farm journal—Magazine—Newspaper there is a generous fund of farm information and good entertaining reading for every member of the rural family.

Offered at popular prices (the rates are only \$1.00 a year, or 4 years for \$2.00) the Family Herald and Weekly Star is within reach of all. While the name "Family Herald and Weekly Star" is a byword in the country from the Atlantic to the Pacific, the paper and its title "Canada's National Farm Magazine" is more indicative of its wide scope for the Family Herald and Weekly Star must certainly be regarded as one of Canada's greatest influences.

PROVINCIAL TAX INCREASES

LIFE INSURANCE PREMIUMS

Toronto—Pointing out that Provincial taxation of life insurance premiums increased the cost of Canadian policy holders by \$1,000,000 annually, Victor R. Smith, Toronto, president of the Canadian Life Insurance Officers' Association, today termed the provincial tax "unjust, inequitable and a tax on thrift" in his presidential address before the annual convention at the Hotel Windsor.

Mr. Smith warned that insurance companies may be forced to introduce separate premium scales for each province unless uniformity is reached in provincial taxation, which now ranges from 1 to 3.3 per cent.

Mr. Smith urged governments to encourage thrift as a means of reducing relief rolls. With this in mind he suggested that insurance companies should likely consider bringing before the Quebec and federal commissions on taxation their problems, arising out of what he said was discriminatory taxation of life insurance.

"Some of those which will not be considered might be, to map out a time table; the inquiry of the provincial taxes on life insurance premiums if such a subject is within scope of the commission's inquiry; also double and triple taxation arising out of the overlapping of provincial succession duty statutes," he said.

"Representations calculated to urge economy in governments in Canada, either by consolidating some of the services of the dominion and the provinces or by reducing the number of services, or both, is another problem to which close study will be given."

Distribution of legislative jurisdiction over insurance, as between dominion and the provinces, was well-balanced and should not be disturbed, he advised.

Governments should encourage, not discourage thrift, he stated. In Great Britain, thrift was encouraged by exempting from income taxation sums paid out in life insurance premiums up to one-sixth of their income, said Mr. Smith. He urged elimination of income tax on the principal of policies paid by instalments and objected to taxing the contribution of employee or employer to company pension funds. In Canada, legislation had been passed which would never have been effected if the public realized the true position of insurance in this country's social and economic life, Mr. Smith contended.

The president saw encouragement in recent action by Quebec and Ontario. Ontario's amendment to the Succession Duty tax to exempt small annuities and income settlements was a far-sighted policy, said Mr. Smith. It was encouraging, he said, to know that Quebec had seen the desirability of effecting reforms in provincial and municipal taxation, a lead he hoped would be followed by other provinces.

A Twentieth Century Fox Picture.

SHOW STARTS AT 8.30 P.M.

and experience of private life insurance companies in mapping contributory plans for insurance against dependent old age. "While 'Canada' still had a railway position and had gets remained unbalanced, governments here 'could not stand the entire strain of the social reforms required," he asserted. Success of social insurance programs in England had been due to this type of co-operation, the president reminded.

Mr. Smith criticized some municipal pension schemes as being open to serious objection from an actuarial standpoint. Civic pension schemes were in the realm of private insurance, he contended.

Illustrating the stabilizing effect of insurance, Mr. Smith pointed out that more than a billion dollars was paid to Canadian policyholders in the six years of the depression—more than twice the entire sum expended on direct relief.

Attacking debt-reducing legislation which gave protection of law to debtors with ample resources but unwilling to pay, quite regardless of their ability to do so, Mr. Smith feared that legislative encouragements to debtors could not be pushed past a certain point without endangering the position of the insurance companies, which were, after all, only middlemen for the millions of small policyholders.

"The companies have demonstrated the inherent soundness of life insurance saving, through good times and bad, through war and pestilence, and more recently, through waves of subversive legislation in parts of Canada involving repudiation of contractual obligations, both public and private, such as no man could ever have envisioned in a British democracy. Life insurance can survive any crisis brought about by operation of natural, social and economic law, he asserted.

"It does not prove the institution invulnerable against man-made laws, however. There are only 100 cents in every dollar. Life insurance companies are not magicians," Mr. Smith declared.

Social reforms were long overdue, asserted Mr. Smith. Time must be taken, however, to map out a course "before some of our more-impetuous reformers endanger our aggregate security on the shoals of ill-considered legislation."

JAMES JOHNSTON

"The Store of Quality"

Local and Personal Notes

A number from Gam attended the show in Bassano on Saturday night.

Miss C. Wight received a first class certificate from Normal School.

Mrs. Bert Schon was a recent visitor to Calgary.

Mrs. W. F. Macleith spent a few days with Mrs. K. Swanson at Brooks.

Mrs. B. Wight was in Calgary on Thursday and Friday of last week.

Mrs. C. H. Hopkins was a Calgary visitor last week.

Mrs. Alf Hansen is visiting her sister, Mrs. V. Nelson, in Brooks.

Miss Florence Smith was a recent visitor to Brooks.

Miss Marjorie Gahan of Duchess was a visitor in Bassano on Tuesday of this week.

Mr. and Mrs. McKinnon, and Mrs. Jas. Johnston spent a few days in Calgary this week.

Mike and Roy Emil went to Glenora on Wednesday to take in the Stampede and boxing and wrestling matches.

Several carloads of Bassano people attended the funeral of the late Wm. Salmon at Brooks on Monday.

Miss Vi-Orr Harris spent the weekend at her grandparents, Mr. and Mrs. J. King, near Crowfoot.

Mr. Dante Ubertino was successful in passing his Normal School training and will receive a first class certificate.

Mr. and Mrs. W. Summerbell of Brooks were guests at the home of Mr. and Mrs. Jack Summerbell over the weekend.

Services will be held in St. Columban Roman Catholic Church on Sunday June 13th. Father Morrow will officiate.

Mr. and Mrs. Winfield Schaffer and child, of Tudor, were Bassano visitors on Wednesday.

Mr. C. R. Lewis had the misfortune to break a rib while working in the C. P. R. yards last Wednesday.

Miss H. M. Rennie, nurse-in-training at the Medicine Hat General Hospital, is on sick leave, at home with her parents, Mr. and Mrs. J. C. Rennie.

Clifford Johnson has accepted the position of caretaker, swimming instructor and life guard at the Bassano swimming pool for the coming season.

Brude Gougeon, chef at the Bassano Hospital, has gone to the coast for about three months, where he will work in a dining car. While away, his place is being taken by Mrs. C. W. Scargel of Carleton Place.

Week-end guests at the home of Mr. and Mrs. J. C. Rennie were Miss Margaret Rennie, Mr. and Mrs. W. J. Clinton, and J. R. Clifton, of Carleton Place, and Mr. P. A. Johnson, of Vancouver, B.C.

The Ladies Altar Society met at the home of Mrs. Ryan on Wednesday afternoon. A large amount of organizational work was carried out. The ladies will meet each Wednesday. Dainty lunch was served at the close of the meeting.

Mr. and Mrs. Bert Schon, Mr. and Mrs. Jack Fraser, Mr. and Mrs. W. F. Macleith, Mrs. Jack Summerbell, Mr. and Mrs. Shupe, Mr. C. Hopkins, Mr. Alex McDonald and many others attended the funeral of the late Wm. Salmon at Brooks on Monday.

Mr. P. Ubertino is installing new lamps on the projectors in the Bassano Theatre. These lamps are of the low intensity type and are designed to give a maximum amount of light on the screen. Mr. Ubertino expects to have the new lamps operating on Saturday night of this week if possible.

Industry is the soul of business and the keystone of prosperity.
